16:00 (approximately) Optional excursion to the crater of "La Fossa di Vulcano", observation of fumaroles, sulfur samples and volcanic bombs. Back on board at the end of the day.

20:30 Free dinner.

### Day 3

08:30 Breakfast on board and departure in the direction of Panarea. Stop for a swim to uninhabited islets of Lisca Bianca and Bottaro and observation of underwater fumaroles.

13:00 Lunch on board and sailing towards Stromboli.

Two possibilities are provided to observe the activity of the volcano Stromboli:

1) For the more sportives, climb to the summit of the volcano accompanied by a local volcanological guide. From Stromboli in the early afternoon. The ascent lasts about three hours. Dinner picnic in front of the volcano's eruptions.

After a break of about one hour to observe the activity of the volcano, return to Stromboli through a descent of volcanic ash. Return and overnight on board.

2) For the less sportives, small walk of about an hour and a half until the Sciara del Fuoco, where you will observe the activity of the volcano, at an altitude of about 400m. Picnic observing the activity of Stromboli and reboarding from the same location. Night on board.

For the dinner of all guests is planned a picnic that will be charged to guests.

The cost of the volcano guide (just for who climb to the summit) is 28.00 € p/p , and that will be payed directly by the guests.
